

FREE GAS? HARDLY;
BOARD GETS BILL.

Sudden Shortage of Meters
Also Develops When Con-
nections are Asked

SCHOOL DIRECTORS ARE PEEVISH

They Are Tired of Waiting for the
Gas Company to Connect Two
Schools and Will Force Action.
Tuition Pupils Must Pay or Leave.

Is the School Board getting free
gas for fuel in the South Side build-
ing? Apparently not. The Fayette
County Gas Company has submitted
a bill of \$25.47 for the gas that was
used about three weeks in that school.
A shortage of gas meters has also
developed, and the connections in the
Third ward and Greenwood buildings
have not been made. The furnaces
in these buildings are in such shape
that gas can be used for fuel but just
now there is no gas. The School
Board, at its meeting last night, de-
cided to force the issue and the gas
company will be asked why it is not
willing to live up to its franchise agree-
ment with the borough.

For a time it seemed that the gas
company really intended to give the
Connellsville schools free gas, but con-
nections at the South Side school
were made promptly. At the meeting
last night the company's celerity in this
matter was explained. The South
Side school has a meter, and the board
has all along been paying for gas to
run the ventilating engine. Just why
it has paid for this gas one could
explain last evening. Director Charles
H. Balesley called attention to the fact
that no gas bill had been passed by the
board, but Secretary Bert J. Thomas
said that gas, electric light, water bills,
teachers' salaries, bonds and interest
are paid under a blanket resolution
passed at the beginning of each term.
These bills are not the light of day
until the Auditors get hold of them.
The board has been paying for gas
right along although most of the direc-
tors were in ignorance of the fact. At
the meeting last night the board de-
cided to stop paying for any gas, tak-
ing the stand that the gas used in the
South Side engine is for fuel, the sum
as that used in the boilers.

Director James S. Darr wanted to
ignore the gas bill for the South Side
building since it has jumped from a
dollar or so to \$25.47. Attorney R. S.
Matthews declared this course would
be unwise. He said that if there are
objections to the bill, the gas company
should be informed, not let the mat-
ter pass unnoticed. The Secretary
was directed to write the gas com-
pany informing it that the bill for
\$25.47 was not collectible, in the un-
derstanding of the board, and request-
ing that connections be established at
the Third ward and Greenwood build-
ings within five days. Solicitor Mat-
thews volunteered to assist the Sec-
retary prepare this communication.

Some members of the board stated
that they didn't care whether meters
were installed or not, so long as the
gas was furnished. The gas company
supplies all gas, whether free or paid
for, through meters in order to deter-
mine the amount being consumed. This
is the only way waste can be
checked. It was explained.

Secretary Thomas stated that he had
been buying coal in small lots as the
board had not authorized the opening
of bids. He stated that the furnace in
the Third ward is badly in need of re-
pairs if it is necessary to burn coal
this winter. The gas company is
given five days to make the connec-
tions. If these are not made by that
time the board will institute legal pro-
ceedings.

Director A. W. Bishop reported on
his conference with the Carnegie Free
Library Trustees. He stated that no
agreement had been drawn up yet, but
as soon as this was done the matter
would be settled. Mr. Bishop said
there was no objection on the part of
the Trustees of the Library to making
the agreement, although the Librarian
did not favor the purchase of a flat of
books recommended by the School
Board, or extending special favors to
teachers in regard to the volume.

Bishop said the Committee would not
consent to making an agreement un-
less the School Board was to receive
something in return for the money
paid over. Solicitor Matthews stated
he would draw up the agreement with
in the next few days and have it in
conformity with the new School Code.

It being the eve of the election, the
members, especially those being bal-
loted upon at the polls today, were
careful to have good reports as mem-
bers of the Visiting Committee for the
past month. Bert J. Thomas was at
High School, John J. Buttermore took
in the South Side, A. G. Foran was
at the Third ward, principally on
matters pertaining to the building, C.
H. Balesley found things going nicely

STONE CRASHED THROUGH
WINDOW OF DINING CAR.

It Grazed Head of Miss Ada Santmyer on the Duquesne
Limited Near Pittsburgh Last Evening.

A stone which crashed through a
double window of the dining car on
the Duquesne Limited last evening
barely missed the head of Miss Ada
Santmyer of East Murphy avenue. The
variation of an inch in its course
would have brought the heavy missile,
about seven inches in length, fair up
on her temple. Her escape from ser-
ious injury was miraculous.

With Miss Harriet Ridgway, Miss
Santmyer was sitting in the dining car.
The train was between Pittsburgh and Brad-
ford when the incident occurred. The
supper had been ordered and Miss
Santmyer was just about to eat a bit

of bread when the window by her side
was shattered by the missile, which
whirled past her head. The stone
struck the table opposite.

Glass flew in all directions. It cov-
ered the table at which the two ladies
were seated and in a twinkling the
supper was ruined. Despite a natural
nervousness as a result of the narrow
escape, neither supper was ordered.
Captain Joseph Dixon took charge of
the missile. About a week ago some-
one hurled a stone at the Duquesne
which crashed through a window. On
that occasion no one was injured.

culated about him since Henry's con-
viction have given me such a black eye
I cannot get a job," said Paul Beattie,

RICHESON, CERTAIN OF
ACQUITTAL, MAKES PLANS.

Cambridge Minister Will Marry Miss Edmonds and Then
Take Up Missionary Work in Foreign Field, He Says.

United Press Telegram.

BOSTON, Mass., Nov. 7.—So con-
fident is he that he will be acquitted of
the charge of murdering Avis Linell,
that Rev. Clarence V. T. Richeson has
planned to marry Miss Violet Edmonds
his mistress, and become a mis-
sionary in foreign fields.

Miss Edmonds has been firm in her
belief of the innocence of the pastor,
and it is said he and all the members
of her family are anxious for the mar-
riage to take place as soon as Rich-
eson is freed, if he is acquitted.

The pastor has told friends that, no
matter what the jury decided he re-
alizes that it would be folly for him to
attempt again to preach in this coun-
try. For that reason, he plans, if he
is acquitted, to go either to China or
Africa. Miss Edmonds, as his wife,
will accompany him, he is said to have
confided to his friends.

Richeson was to have been arraigned
Monday to plead to the indictment
which charges him with the first de-
gree murder of Miss Linell. District
Attorney Pelethier, however, announ-
ced that at the request of Congressman
Robert Orr Harris, senior counsel for
the prisoner, the arraignment would
be postponed until Monday next.

One is Killed to
Each 13 Employed

United Press Telegram.

WASHINGTON, Nov. 7.—Casualties
on the railroads of the country during
the year which ended June 30, 1911,
are shown in a report issued by the
Interstate Commerce Commission to-
day as 10,396 killed, and 150,159 in-
jured. Of this number 136 killed and
7,257 injured are classed under the
head of "Industrial accidents," which
do not involve the movement of cars
or engines on rails. Of persons trans-
porting on railroad property, walking
on tracks or stealing rides, 5,287 were
killed and 5,674 injured.

During the year, one railroad em-
ployee was killed to every 458 injured,
and one employee injured to every 13
employed. The number of railroad
employees on June 30, 1911, is given
as 1,648,033. On electric lines, which
carry interstate traffic, 410 persons
were killed and 3,394 injured.

"Bill" Powell to
Join Uniontown

It was announced today at Union-
town that "Big Bill" Powell, the for-
mer South Side player, has been signed
by Uniontown. Details of the deal
are not made public at this time but
seem to call for an investigation by
the league.

The fact that Uniontown was per-
mitted to retain George Smith instead
of turning him over to Charlestown
with the other players of last year's team
should not have been permitted by the
league. The Powell deal seems cer-
tainly to hurt the game in this section
although the "McKeesport cham-
pions" will not have a walkover,
even if Powell does join them.

Rockefeller's
Father is Dead

United Press Telegram.

CLEVELAND, Nov. 7.—A New York
special to the Press today says:
William Rockefeller, father of John
D. and Frank Rockefeller, died
yesterday at his home in New York
city. He was 84 years old. He had
been ill for some time. The death
of the Rockefeller family. When
John D. Rockefeller told the story that
the elder Rockefeller had been a horse
trader none of the Rockefellers would
say if he were still living or dead.

It was first thought he was living
on a ranch out west but now it is
known he lived in New York State.
The place of burial will not be told
as John D. Rockefeller fears ghosts
might attempt to steal the body and
hold it for a ransom.

SPLENDID WEATHER
BRINGS VOTES OUT.

Indications at Noon Were
That Balloting Would
Be Heavy.

THE PARTY WORKERS ACTIVE

Were Busy Throughout the Day Get-
ting Out the Vote—Republicans
Confident of Ultimate Success—In-
terest in the School Directors.

Splendid weather prevailed today
and indicated that a heavy vote would
be polled throughout the county. In
Connellsville the voters were on hand
by the time the polls were opened and
kept coming steadily. The party work-
ers were busy engaged in getting out
the vote, and vehicles were engaged
to bring the aged and infirm to their
respective polling places in order that
they might cast their ballots. The
ballot this year is exceptionally large
and those who "split" their tickets
found it more difficult than they had
first imagined. Besides the party can-
didates for county and local offices,
two Constitutional amendments are
being voted upon.

Interest in Connellsville is divided
between the county ticket and the
fight over the selection of a new School
Board. In some of the wards there is
further interest being manifested over
contests over election officers and con-
stable.

Indications point to a clean sweep of
the Republican county candidates. The
party ticket this year is one of the
best ever nominated and indications
are that all bitterness growing out of
the recent primaries has been swept
away and Republicans are working
shoulder to shoulder for the success
of the whole.

Although the Republican nominees
for School Directors are in every in-
stance desirable and able men, there
is some cutting going on, largely be-
cause of personal friendship which is
more or less a feature in local cam-
paigns. It is seriously questioned, how-
ever, whether the Democrats will be
able to overcome the normal Republi-
can majority and save any places on
the school ticket. It is believed that,
as far as election officers and constables
are concerned, Connellsville will,
with scarcely an exception, go Republi-
can in every ward.

Through the county there seems to be
the question but the entire Republican
ticket will carry in large majorities.

Printers Union
Extends Benefits

The Connellsville members of the
International Typographical Union
have received the report on the votes
taken recently on various propositions,
the most important of which was the
adoption of graduated death benefits.
By a vote of 13,211 to 12,355 the mem-
bers have accepted the proposition
which provides for an assessment of
one-half of one per cent on earnings
for its maintenance.

Under the scale of benefits, mem-
bers under one year's standing will
be entitled to \$75 in death benefits;
for a continuous membership of two
years, \$125; three years, \$175; four
years, \$275; five years or over, \$400.
The International Typographical
Union pays a pension of \$4 a week to
its members over 60 years of age, and
it also maintains a tuberculosis hospi-
tal for its members in Colorado and
is in the lead of all other organiza-
tions in caring for its members.

AT THE THEATRE.

Keyes Sisters Please.

A very appreciative audience, which taxed the capacity of the Holston, witnessed the opening performance of Connellsville's favorite company, the Keyes Sisters, in "Pride of the Prairie" last night. The production was elaborate and the performance as a whole was above the average presented by a popular priced attraction. The Keyes Sisters were especially clever in their respective roles and received deserved applause. Chester Keyes, a brother of the Keyes sisters, came in for a goodly amount of favor in the part of the lazy darkey, and made a hit with his songs. The scenic effects were clever and the light effects were very good. The company is stronger than ever before and should do a big business the balance of the week. Tonight they will produce for the first time in Connellsville, "The Daughter of Paris," a play of today dealing with life in Paris. It contains many intense scenes and is superbly mounted. Seats can be secured at the office in advance. Moving pictures are displayed previous to the performance.

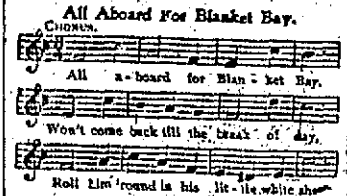

Plays and Players.

Charles Frohman has obtained the American and English rights of a new comedy by Sir Arthur Wing Pinero, which will be finished next February.

The Shuberts are seen to produce "The Wedding Trip," a musical comedy, the book by Mme. De Gresse and Harry B. Smith and the music by Reginald De Koven.

Latest Song
Now Popular

What appears to be the oddest song yet written by Harry Von Tilzer, author of the recent craze "All Alone," is a little song just come to town called "All Aboard for Blanket Day." It has a very catchy swing. Here is a part of the chorus clipped from a sheet of the music just received:

In New York they are singing the song in the theatres, parlors and schools. The orchestra appear to play nothing else and dancing academies are using it as a waltz. The few copies that reached town last week disappeared as if by magic and the Connellsville ladies will certainly have a merry time with this new one this winter.

NO MORE RUNNING SORES.

Graham & Co., of Connelville and S. A. Lowe & Co., of Scotland sell an Ointment Called San Cura.

That is a Positive Cure. It matters not how old, persistent or vicious the sore is, San Cura Ointment, the powerful antiseptic, will draw out every particle of poison and promptly heal the sore.

So sure of this are the owners, the Thompson Medical Co., that they have authorized Graham & Company, Connelville and S. A. Lowe & Company of Scotland, to return the purchase price if San Cura Ointment doesn't do all this paper says it will do. No failure offer was ever made.

"My arm was covered with twenty-four running sores and swollen to twice its natural size. San Cura Ointment removed the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used."

The mighty healing powers of San Cura Ointment are little short of marvelous. It gives instant relief, and is guaranteed to cure salt rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands, and chilblains. For cuts, burns, scalds and bruises, it stops all pain quickly and heals promptly. 25c and 50c a jar. By mail on receipt of price, if your druggist is out of it or does not keep it.

SAN CURA SOAP. For tender, itching or irritable skin, wash with San Cura, the only antiseptic soap that soothes and heals, and kills all germs of disease. It will cure pimples, blackheads, and make the complexion clear and attractive. 25c at Graham & Company's Connelville, and S. A. Lowe & Company's, Scotland.

Fifty Years Ago Today. Nov. 7. Dupont's fleet engaged the Confederate ships and forts at Port Royal at 9:26 a. m., and at 2:30 the principal fort was abandoned by the defenders and the Confederate ships in retreat. At night the second and last fort was also abandoned, opening the harbor to the Federal forces.

Brigadier General U. S. Grant attacked the Confederate post at Belmont, Mo., but was repulsed and forced to retreat to the cover of Federal gunboats.

Grows Hair at 65 Years of Age.

Dear Sirs: "I heard of PARISIAN SAGE and as my head would itch a good deal, I thought I would try it. I never used any remedies before and was bald on top of my head. I am using the third bottle and have a lot of hair where I was bald. I would like you to see the new hair sprouting from my head. The itching in my scalp quickly disappeared. I am 65 years old and have been at the same age 51 years."

Wm. A. Kopper, Auctioneer, Harbison Bazar, Ninth and Sanson Sts., Philadelphia, Pa.

Large bottle of PARISIAN SAGE 50 cents. Guaranteed by A. A. Clarke for the hair and scalp. Put it on and see the new hair and is a delightful hair dressing.

STUDY TOWNS.

State Experts Getting Data on Western Pennsylvania Municipalities. HARRISBURG, Nov. 7.—Studies of the development of three representative municipalities of the western part of Pennsylvania are being completed by attaches of the State Bureau of Industrial Statistics, under the personal direction of John L. Rocky, the chief. These studies are to be issued shortly and will give comprehensive histories of the communities with the reasons for their attainment of their places in the State, together with discussion of sociological conditions.

These studies were inaugurated several years ago and Pittsburgh, McKeesport, Erie, Connelville, Uniontown, Johnstown and other cities were studied and written about in a manner that makes their presence in State records of the utmost value to the business man, as well as the student of civic affairs. The men selected to make the studies had the assistance of men well versed in local conditions and were trained in their work. The studies have attracted attention from all sections of the country and from the national government.

The towns to be treated in the forthcoming report are New Castle, a third class city; Greensburg, county seat of Westmoreland, and Butler, the county seat of Butler, both representative boroughs. In addition, Clarifield, which is rapidly attaining industrial prominence, is to be discussed.

Wants, for rent, for sale, etc., cost only one cent a word.

"Oh, yes! And are you really going to push it in? How nice of you." "No, no, I'm not going to push it in. I am going to put some oil on it, so it will be easier to get the sticking distemper of me pads in, so you can be happy."

CENTRAL LEAGUE SCHEDULE OUT.

Cokers Do Not Get Any the
Best of the Dates,
Either.

ONE HOLIDAY CAME HERE

Christmas Date is Given the Cokers
at Home But Lincoln's Birthday,
Coming on Friday, Should Also
Have Been Given Us.

The Central league basketball schedule for the coming season is announced this morning in the Pittsburg papers. As usual the league ignores the "country" papers in the territory where they are given the greatest support. The schedule cannot be said to be satisfactory. The Cokers have no set playing nights. Of the 36 games scheduled on the home floor, 13 will be played on Friday, 11 on Tuesday, 4 on Wednesday and the same number on Thursday, and three on Monday. Last year the home games were played always on Friday night and, with the exception of three Mondays, the early week games were on Tuesday evenings.

As for the holiday dates, the team is headed a beautiful season hued lenton. Only Christmas is given the team here. Although Lincoln's Birthday comes on Friday night the team is not scheduled here, the home game that week being played on Thursday. Although the Masonic banquet in the big affair here Lincoln's Birthday, the fact in general would have probably turned out in liberal numbers.

The season opens Monday with Charleroi as the attraction. The last home game of the season will be March 14 with South Side. The home dates under the schedule are as follows:

Charleroi November 15.
Johnstown November 17.
Washington November 22.
Uniontown November 24.
South Side November 26.
Johnstown December 1.
Charleroi December 6.

OH, HOW I ITCHED.

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, ceaseless itch, until it seemed that I must tear off my very skin—then— instant relief—my skin cooled, soothed and healed!

The very first drops of D. D. D. stopped that awful itch instantly; yes, the very moment D. D. D. touched the skin the torture ceased.

D. D. D. has been known for years as the only absolute reliable Eczema cure. Just a mild, soothing, pleasant wash made of Oil of Wintergreen, Thymol and other ingredients.

I know what D. D. D. has done—I vouch for it, and if the very first regular size bottle of D. D. D. fails to do exactly as claimed, the remedy will not cost you one cent.

NEVER ANY INDIGESTION, DYSPEPSIA OR SICK, GASSY, UPSET STOMACH.

A Little Diapepsin Will Make You Feel Fine in Five Minutes.

Take your hour, out-of-order stomach—or maybe you call it indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you out one 22-grain Triangles and use it within five minutes there is left any trace of your former misery.

The correct name of your trouble is Food Fermentation—food rotting; the Digestive organs become weak, there is lack of gastric juices; your food is only half digested, and you become affected with loss of appetite, prostration and fullness after eating, vomiting, nausea, heartburn, griping in bowels,

tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is feeble and nothing tempts you, or you belch gas, or if you feel bloated after eating; or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

Dress Goods, confidence in our newspaper publicity
will be well established. We think there are more
people who know our dress goods reputation than
there are people who don't. Your neighbor may tell
you that the newest, the smoothest, the faddish, as

well as the staple sorts are here; the most depend-
able kinds for color and thread durability—the want-
ed colors and the standard weights, and—very often
kinds not to be had elsewhere are here. That's the
sort of goods in these four groups with sale prices
that will sell them. It's your opportunity to buy
good fabrics and not pay as much as usual.
